

Subject: PUWER CAT - Notes and Action Steps from October 11th Meeting
From: "Thomas, Julie E." <julie.thomas@redcross.org>
Date: 10/12/2017 08:45 AM
To: "Thomas, Julie E." <julie.thomas@redcross.org>

Thanks to all of you for attending and participating in our meeting yesterday afternoon – and thank you to CCNP for hosting us.

Attached please find the following:

- Notes and handouts from the meeting yesterday
- Westlake Pico Union Resiliency Plan: This was reviewed and approved at our August meeting and yesterday we worked on the implementation phase by discussion how the Community Action Team could help implement the objectives and the priorities.
- Updated Coalition Member Survey: I made the changes we talked about yesterday. This Survey is for you to provide how you and your organization wants to move forward with this important resiliency work we are planning. Please complete the Survey and return it to julie.thomas@redcross.org <<mailto:julie.thomas@redcross.org>> by October 27th so I can compile the results and we can begin implementation.

And finally – this is in the notes...but here is a summary of the next steps:

- * Sonia Lopez – Will ask about an active shooter training to bring in to next PUWER CAT meeting.
- * Jeanne Woo and Norma Vega will connect with William Lowery for meeting on how they can become support Disaster Response.
- * Daniel Morales will identify exactly what needs to be translated into Spanish...offered to help with that if needed! (Thanks, Daniel.)

And the big To-Do!

Coalition members will complete the Survey to identify:

- * What preparedness programs would you like to bring to your organization
- * What Faith Based Organizations you would like to reach out to connect them with Preparedness Programs – especially PrepareU and our Community First Aid CPR
- * What Schools would you like to reach out to connect them with our Preparedness Programs – especially the Pillowcase Project or Puppet Show
- * Ideas you have about how you might be able to connect with Big Box Stores (like Food for Less or Walmart) that could help in a large disaster with supplies

* Ideas you have about how you might be able to connect with places where we could establish an agreement to provide meals during a big disaster.

Please mail it to me julie.thomas@redcross.org <mailto:julie.thomas@redcross.org> by October 27th so I can compile.

Thank you again for your dedication to ensuring Westlake Pico Union neighborhoods are more prepared!

Julie Thomas, Executive Director
